All Aboard Wisconsin

All Aboard Wisconsin is an alliance of organizations and individuals promoting all connecting transit modes with passenger rail, improving freight rail systems and insuring these systems are a statewide integral part of Wisconsin's and the nations transportation network.

All Aboard Wisconsin will monitor all areas of state administrative, executive and legislative policies relating to public transportation, passenger rail, and freight rail services. We will advocate for expanding and improving these critical programs including keeping public transit in the segregated transportation fund, developing a state rail plan, improving the safely and efficiency of our freight rail systems, increasing the frequency of passenger rail service and supporting efforts for the creations and implementation of regional transit authorities.

Christian Science Committee on Publication for Wisconsin cscompub@charter.net

The Committee on Publication's mission is to correct impositions on the public with regard to Christian Science.

The Christian Science Committee on Publication may attempt to influence legislation pertaining to child abuse and neglect, elder abuse and neglect, parental rights, public school instruction (specifically, the areas of curriculum dealing with medical teaching), mandatory immunizations or vaccinations, insurance, and any other areas where freedom of religious practice may be involved. Where such legislation is enacted, we would also work to see that administrative rules governing these areas do not compromise religious freedom or practice.

Community Alliance of Providers of Wisconsin (CAPOW)

It is the mission of CAPOW to:

a. To strengthen Wisconsin's system of community services for people with disabilities.
b. To support the legal rights of people with disabilities to live and work in the community, rather than in institutions, and to have access to high-quality caregivers.
c. To promote quality services and supports by increasing the availability of and improving the working conditions for community support personnel.
d. To provide information about legislation and County/State budget actions affecting the ability of individuals to receive quality services and supports.
e. To advocate directly with County and State policymakers regarding legislation and County/State budget actions affecting the quality of services in Wisconsin community agencies.

CAPOW is interested in legislation, budgets, and rules affecting the quality of community living for citizens with developmental disabilities.

Teach For America, Inc. www.teachforamerica.org

Teach For America has contractual agreements with various districts across the United States of America to recruit, select, train, and place corps members to teach within their school districts. Teach For America recognizes revenue related to these contractual agreements as earned, that is, when the school district places a corps member. Other forms of primary financial support include contributions, government grants and contracts, special events, and contributed goods and services.

Lobbying on behalf of the organization will focus funding for the organizations efforts in Milwaukee as well as policy concerning education, teacher training, certification, licensing, and tenure in the state of Wisconsin.

The Nature Conservancy nature.org

Federal government agencies, such as the EPA, USDA, USAID, DOI, NPS and DOD as well as agencies at the state and local level. We work with companies large and small to help change business practices and policies, raise awareness of conservation issues, and raise funds to support important new science and conservation projects.
The Conservancy works with other like-minded organizations, ranging from large non-profit conservation groups like Conservation International and NatureServe, to local land trusts. The Conservancy works in cooperation with private landowners and local stakeholders, such as ranchers, farmers and fishermen, to ensure good ecological management while continuing to support the local economy.
The Nature Conservancy depends on partnerships with indigenous people and local communities to conserve some of the most biologically critical and threatened ecosystems on Earth.

Union Pacific Railroad Company WWW.UPRR.COM

Railroad transportation.

UP is a freight railroad. We will be attempting to influence legislation and state rules that relate to any regulation of our operating practices or the goods we transport. Since our physical plant (tracks and auxiliary facilities) extend across the state, we have the same concerns that other industry has about property law, environmental impacts and the like, as well as how our property and operation is taxed. We are also concerned about laws that affect our employees and liability law with regard to our operations in the state.

Wisconsin Association of Nurse Anesthetists www.wiana.com

CRNA are advanced-practice nurses certified to administer anesthesia.

CRNA are advanced-practice nurses certified to administer anesthesia in settings ranging from medical offices to hospital surgical units. In Wisconsin we also have authority to independently prescribe medication used within the scope of our practice. We believe the practice of anesthesia is a recognized specialty within both the nursing and medical professions. As a group we are interested in maintaining this setting by Wisconsin rules and regulations in health and health financing, along with insurance and tort reform.

Wisconsin Cervid Farm and Sport Alliance

Wisconsin has a unique system of cervidae farm regulations. The regulations were epically transferred from the DNR to DATCP in 2002. CWD was also discovered in wild ranging whitetails around the same time. Additionally the federal government became engaged in monitoring and regulating cervid operations. This Alliance will attempt to make sure all cervid operations are in compliance with current rules and that the transfer from one department to the other is fully completed without the loss of preexisting operational rights granted by the prior rules and laws.

The Alliance will work on all areas of administrative or legislative laws that could affect the ownership, management and operation of a cervid farm. The Alliance is comprised of both breeding operations and those registered to offer cervid sport shorting on their premises.

Wisconsin Creditor's Rights Association

The Wisconsin Creditors' Rights Association (WCRA) is a non-profit corporation whose membership is open to any individual or entity that employs a Wisconsin attorney primarily engaged in the practice of representing creditors. To be eligible for membership, a proposed member must not represent consumers in claims against credit grantors or other related entities.

The WCRA's primary purposes is to help create and maintain a fair legislative climate to protect the rights of creditors and attorneys representing creditors. In order for the free market system to flourish, creditors must be able to loan money to consumers with the expectation that there is a mechanism to ensure that the money be repaid. If it is not re-paid, those creditors must have access to a fair collection process both outside and within the state court system. The WCRA is committed to maintaining that ability not only for the creditors its members represent, but for all creditors in the state of Wisconsin.

Wisconsin Health Freedom Coalition wihfc.com

Currently, alternative health care practitioners are at risk of prosecution for the unlicensed practice of medicine. Wisconsin Health Freedom Coalition seeks to protect not only the interests of the alternative health care practitioners, but also the interest of every citizen in Wisconsin in their right to choose such services. Other potential groups with common interests include: health food stores, vitamin and nutritional supplement manufacturers and retailers, unlicensed health care providers, and Wisconsin citizens seeking natural - non toxic methods for health care.

Wisconsin Health Freedom Coalition (WHFC) seeks to protect natural health care providers from prosecution for providing advice and services that do no harm so they will not be charged with practicing medicine without a license. Additionally, WHFC will work to protect Wisconsin health seekers' right to access natural nutritional healing protocols and maintain public access to unlicensed natural health providers Finally, WHFC strives to protect traditional and cultural therapies and remedies practiced historically by persons who are not licensed or regulated by the state.
