

Public Testimony in Support of [Assembly Bill 207](#)

Good morning, Chairperson and members of the Committee on Campaigns and Elections. Thank you for the opportunity to speak today.

My name is Brittany Vulich, and I serve as the WI Campaign Manager at All Voting is Local Action. I am here to express our strong support for Assembly Bill 207, which aims to enhance the information provided to voters concerning proposed constitutional amendments and other statewide referendums.

Empowering Voters with Clear Information

As part of my job to track policies and legislation that expand voter access and support the administration of our elections, I am consistently approached by community members seeking clarification on the implications of certain referendums, as they express confusion over legal jargon or the broader impact of their vote. Too often I hear fellow voters say they just don't vote at all on referendums because it's unclear to them what they would be voting on and how that referendum would be carried out in their daily lives.

AB 207 addresses this issue by mandating that any such ballot measures are accompanied by explanatory statements. These statements would provide voters with a straightforward and accessible summary of the proposed changes, ensuring that the electorate understands the implications of their votes.

Enhancing Trust in the Electoral Process

By providing voters with accessible information, we empower them to participate more fully in shaping the laws and policies that govern our state. This initiative promotes transparency and trust in our electoral process.

Conclusion

In conclusion, AB 207 represents a meaningful step toward strengthening our democracy by ensuring that all voters are well-informed when voting on critical issues. I urge the committee to support this bill and recommend its passage.

Thank you for your time and consideration.
