RE: Comment on Senate Bill 596, Relating to race-based higher education programs and requirements

The Medical College of Wisconsin (MCW) is registered as Undisclosed on Senate Bill 596 (SB 596) and is providing the following written comment:

SB 596 contains numerous provisions, while the repeal of s. 39.15(1)(c) specifically addresses MCW. The repeal of s. 39.15(1)(c) aids in avoiding any possible interpretation of state law that would conflict with the United States Supreme Court ruling on race-conscious admissions. MCW is committed to training a diverse, technically competent, and proficient workforce to best serve all patient populations, and this continued commitment is in alignment with the Supreme Court's ruling.

MCW appreciates the Committee's review of this comment on SB 596.
