

Alliance for Regulatory Coordination

June 26, 2013

Mr. Jim Quast
Wisconsin Department of Safety and Professional Services
PO BOX 8935
Madison, WI 53708-8935

Dear Mr. Quast,

The Alliance for Regulatory Coordination supports the Department's proposal to update Wisconsin Administrative Code Chapter SPS 316, the State Electrical Code, under Clearinghouse Rule 13-042.

We understand that this code change proposal reflects the advice of the Electrical Code Council. We applaud the Department for utilizing a code council to obtain advice from those involved in electrical system design, construction, regulation and usage in Wisconsin.

We encourage the Department to promulgate the proposed code change as soon as possible so that Wisconsin's Electrical Code is up-to-date, thereby helping to keep Wisconsin citizens and visitors safe from electrical hazards.

The Alliance for Regulatory Coordination is a consortium of seventeen organizations involved in building design, construction and regulatory services. Alliance membership consists of business, labor, advocacy, professional and governmental groups; all committed to promoting more coordinated and efficient regulatory services for citizens and businesses of Wisconsin.

Sincerely,

Robert G. DuPont, Founder
Alliance for Regulatory Coordination
