Dear Mr. Moroney, Secretary Allen and Secretary Ross:

The Alliance for Regulatory Coordination applauds Governor Walker's attention to reforming state government to make it more efficient, effective and accountable. We are particularly interested in the proposed merger of the Department of Financial Institutions and the Department of Safety and Professional Services.

The Alliance is concerned about how the building design and construction industry, as well as the general public, might be affected by a merge with the DFI. We have prepared the attached white paper to help communicate our concerns and expectations relative to the building and fire safety programs of the DSPS. We hope this information is of help to you and ask that you carefully take it into consideration during this time of transition.

Sincerely,

Robert G. DuPont, Founder
