All Aboard Wisconsin

All Aboard Wisconsin is an alliance of organizations and individuals promoting all connecting transit modes with passenger rail, improving freight rail systems and insuring these systems are a statewide integral part of Wisconsin's and the nations transportation network.

All Aboard Wisconsin will monitor all areas of state administrative, executive and legislative policies relating to public transportation, passenger rail, and freight rail services. We will advocate for expanding and improving these critical programs including keeping public transit in the segregated transportation fund, developing a state rail plan, improving the safety and efficiency of our freight rail systems, increasing the frequency of passenger rail service and supporting efforts for the creations and implementation of regional transit authorities.

Alzheimer's Associationwww.alz.org

The Alzheimer's Association derives its membership and financial support primarily from individuals, families, and caregivers affected by Alzheimer's disease and related dementias. The organization also receives contributions from philanthropic individuals and foundations committed to advancing dementia research, care, and support.

We will focus on policies impacting individuals living with Alzheimer's disease and related dementias, as well as their caregivers, to improve care quality, accessibility, and support. Key priorities include advocating for funding to support caregiver programs, enhancing standards for memory care facilities, promoting dementia risk reduction in public health initiatives, and securing appropriations for community-based support services.

Amalgamated Transit Union Local 998

atu998.org

ATU 998 will advocate on behalf of its members and reach out to the other ATU workers from across the State, and will work closely with state and local transit agencies to secure additional program support and funding.

To advocate for additional state financing in future budgets for the expansion of public transit bus routes around this state, work with the WDOT, the entire Executive Branch and all members of the Legislature. ATU supports the creation of Regional Transit Authorities to connect communities, and to renew the push for uniform security for public transit. ATU Local 998 will work closely with private providers who have transit contracts and devote time in renewing past transportation industry partners and vendors. ATU will establish priorities focusing on the workforce, elderly and disabled and the growing numbers of our non driving population.

American Promise<https://americanpromise.net/>

American Promise empowers, inspires, and organizes Americans to win the cause of our time: the For Our Freedom Amendment to the United States Constitution. This historic reform will rebalance our politics and government by putting the rights of individual citizens and the interests of the nation before the privileges of concentrated money, corporations, unions, political parties, and superPACs. American Promise leads the non-partisan, fifty-state campaign for the For Our Freedom Amendment so that people, not money, govern America.

American Promise will be working to build state legislative support for a cross-partisan, bicameral resolution that respectfully calls upon Congress to propose the constitutional amendment and send it to the States for ratification.

A-Team Grassroots System Inc.

Member families throughout Wisconsin share the common goal of grassroots efforts to educate and advocate for an understanding of the disabled community and its efforts to create employment, housing, and living opportunities. Its families engage with lawmakers and policymakers to support medicaid funding for a full array of service choice.

A-team will work to influence the legislative process of budgeting and statute creation in an effort to advance the cause of benefitting people with disabilities in the workplace, society, and home. A-team will lobby to protect 14(c) status and the benefits it offers to employers and employees.

We serve over 134,000 youth at 158 sites in 57 cities across Wisconsin, more than any organization outside of our public school system. With two thirds of our kids living outside of Madison and Milwaukee, we support programs and funding that allow all of Wisconsin Clubs to continue to offer unique programs that promote the positive development of young people.

We focus on programs that result in measurable outcomes for youth in academic achievement, career skill building, positive mental health, juvenile crime reduction, prevention of opioid abuse, and constructive civic engagement. We support and track legislation and budget matters that impact school age youth statewide, including stimulus funding, child care licensing, and after school program funding.

CJDT Coalition

The CJDT Coalition looks to use science to create bi-partisan, incremental improvements to Wisconsin's criminal justice system. It looks to change the conversation from reducing the prison population and funding second chances to investing in solutions that reduce initial involvement with Wisconsin's Criminal Justice System.

In January of 2021 Badger Institute hosted a ZOOM presentation by the Speaker of The Florida Assembly, highlighting their new bill that funded gathering data on Florida's Criminal Justice System.

During the 2021-22 legislative session, seeking to mirror Florida's success, working with Rep. David Bowen's office, a Criminal Justice Data Transparency Bill was drafted. It called for using science to create bi-partisan, incremental improvements to Wisconsin's criminal justice system, investing in a data analyst, at a cost of \$1 million over two years, gathering data from Wisconsin's data silos, and housing it in the Criminal Justice Coordinating Council. The analyst will gather and generate analysis for legislators and non-profits from the data silos in Wisconsin's Criminal Justice System, helping legislators to draft new legislation to make improvements to Wisconsin's Criminal Justice System. This bill was never introduced.

In 2025, given the new maps and the new legislature, the Criminal Justice Data Transparency Bill V 2.0 was re-introduced, adding to the original bill the potential of reducing early interactions with the criminal justice system by young adults in the foster care system, thus reducing the number of those incarcerated in our prison system.

Dr. Fred Wulczyn Chapin Hall, University of Chicago, Director of the Center for State Child Welfare Data, said "If you can alter the likelihood that a youngster in the foster care system avoids the criminal justice system, that is a wise investment and will pay for itself over time by substantial lowering the cost of public programs that fund deep end social programs."

We are advocating for changing the conversations from reducing the prison population and funding second chances to using science to invest in solutions that reduce involvement with Wisconsin's Criminal Justice System at the front end.

Community Associations Institute of Wisconsin<https://cai-wi.org/>

CAI-Wisconsin provides information, education and resources to the homeowner volunteers who govern communities and the professionals who support them. CAI-WI members include association board members and other homeowner leaders, community managers, association management firms and other professionals who provide products and services to associations. We believe homeowner and condominium associations should strive to exceed the expectations of their residents.

Regulation of and issues impacting all types of association-governed communities, such as condominium and homeowner associations, cooperatives, and planned communities of all sizes; individual homeowners; community managers and management firms; builders and developers; accountants, attorneys, lenders, insurance providers, reserve specialists, and other providers of professional services; public officials; and product and service suppliers—all working together to create more livable communities.

Ducks Unlimited

www.ducks.org

Ducks Unlimited's interest is to conserve wetlands sufficient to fill the skies with waterfowl today, tomorrow and forever. DU will achieve our vision through diverse public and private partnerships to address the full range of factors that contribute to the creation of more waterfowl habitat across North America.

Ducks Unlimited plans to engage in lobbying activities when proposed legislation has a direct impact to the conservation and management of Wisconsin's wetland habitats or that impacts the ability for people to hunt waterfowl. The organization will also engage in lobbying if legislation is proposed that impacts charitable gaming laws in a way that will affect the organization's fundraising methods.

MACC Fund

maccfund.org

We raise funds for childhood cancer research. These funds come from individual donors, memorial gifts, fundraisers, corporate matching, and corporate sponsors.

We are working with the American Childhood Cancer Organization to introduce and pass a bill that would establish a pediatric cancer research trust fund to be housed in the Department of Health. We will be asking for an appropriation of \$10 million. Once the trust fund is established, research institutions, hospitals, and non-profits can apply for grants for childhood cancer research.

The mission of NAMI Wisconsin is to improve the quality of life of people affected by mental illness and to promote recovery. NAMI Wisconsin will accomplish its mission through the following:

- 1) Promote public education and understanding of mental illnesses.
- 2) Advocate at all levels of government and throughout the public sector to improve mental health care in Wisconsin.
- 3) Support affiliates by providing follow-up advice and counsel; educational and training programs and materials; access to financial resources as appropriate; and by offering conferences, seminars, and presentations.
- 4) Establish and strengthen local affiliates to keep with NAMI's principles and guidelines.

NAMI Wisconsin works at the state level to influence the legislature in areas of health and mental health care, criminal justice, youth mental health, education, stigma reduction and other areas affecting the quality of life for people with mental illness and their families. We also have a network of members and non-members who engage in grassroots advocacy throughout the state.

National Fire Sprinkler Association

The National Fire Sprinkler Association (NFSA) is a U.S.-based organization dedicated to promoting the use of fire sprinkler systems to enhance fire safety and protect lives and property. Founded in 1905, the NFSA advocates for fire sprinkler regulations, provides training and education for industry professionals, and supports research on fire protection technologies.

The NFSA works with government agencies, fire departments, and building officials to improve fire codes and standards. It also offers resources for contractors, manufacturers, and property owners to ensure proper installation and maintenance of fire sprinkler systems.

During the legislative session in Wisconsin, the National Fire Sprinkler Association (NFSA) will focus its efforts on matters relating to fire prevention, suppression, and protection, advocating for policies that enhance fire safety through the increased use of fire sprinkler systems.

**Plumbing and Mechanical Contractors Association of
Milwaukee and Southeastern Wisconsin, Inc.**

www.pmsmca.com

The Plumbing and Mechanical Contractors Association of Milwaukee and Southeastern Wisconsin (PMC) represents the needs of contractors engaged in construction, service, and maintenance of piping, plumbing, air conditioning, heating, ventilation, refrigeration, and related systems. It is part of a network of chapters of a national trade association, the Mechanical Contractors Association of America (MCAA), which represents the leading voices in the mechanical contracting industry.

PMC's primary goal is to promote legislation that furthers the business interests of its members, who are construction subcontractors in the plumbing and mechanical industry. Those issues may include legislation related to workers compensation, prevailing wage, lien rights, retainage on construction projects, as well as more general business interests such as taxation and other economic issues.

Schools Make Madison Advocates<https://schoolsmakemadison.org/>

K12 education industry primarily, though we also represent the interests of businesses who see strong education as an economic asset.

Revenue limits for public school districts have not had an inflation-level adjustment in over a decade. As costs rise, it is essential that our schools have the funding to attract high-quality educators and provide every student with a high-quality education. While communities across Wisconsin overwhelmingly support referenda to raise revenue limits locally, this model is inconsistent, unsustainable, and inefficient. Other education funding metrics, such as reimbursements for required special education costs, have experienced a similar stagnation. All the while, federal dollars have been impactful but reliance on one-time conditional disbursements has created a funding cliff in a time when schools are already under exceptional financial strain. Healthy K12 is not just the concern of schools and educators but of all parties with an interest in the long-term health of our state. Businesses in particular have a strong interest in the success of schools. While businesses across the country are reeling from a declining labor pool, that issue is exacerbated in Wisconsin given the consistent trend of more people moving away than to the state. Now more than ever, a strong workforce begins with strong schools. Beyond attracting and retaining working families, education provides a means to mitigate barriers which may otherwise render individuals unemployed, incarcerated, or on government assistance. With an unprecedented budget surplus projection, there is no better time to invest for success.

Sheet Metal and Air Conditioning Contractors' Association of Milwaukeewww.pmsmca.com

The Sheet Metal and Air Conditioning Contractors' Association of Milwaukee (SMACCA) represents the needs of contractors engaged in construction, service, and maintenance of sheet metal applications, air conditioning, heating, ventilation, and related systems. SMACCA is part of a network of chapters of a national trade association—the Sheet Metal and Air Conditioning Contractors' National Association (SMACNA)—which represents the leading voices in the sheet metal and air conditioning industries.

SMACCA's main goal is to further the interest of its members, who are subcontractors in the sheet metal and air conditioning industry. The legislative issues it may attempt to influence include workers compensation, prevailing wage, lien rights, retainage on construction projects, as well as more general business interests including taxation and other economic issues.

MakeMyMove is the first and only platform that connects move-ready talent with the cities and towns that are competing for their relocations.

We would like to create a program that provides grants to communities to recruit new households to grow population and workforce. The State of Wisconsin would provide financial support to communities to launch and scale talent recruitment programs in the form of matching grants to the communities. These matching grants will help cover the costs of the programming, incentives, marketing, and recruitment services. In turn, the communities will provide the local support to recruit, convert, and welcome their new residents and all of the economic benefit that comes with them.

Unite 2 Fight Paralysis<https://u2fp.org/>

We represent individuals across the country living with spinal cord injury and their family members. We use our voice to advocate for the funding and guiding of research into new and innovative treatments for the functional improvement of people with spinal cord injuries. Our primary constituents are these same individuals from the spinal cord injury community, and our financial support is primarily derived from individual donations, our annual races in Chicago and Minneapolis, and corporate and institutional sponsorship of our annual scientific meeting.

We focus our advocacy efforts on the Department of Higher Education and or the Department of Health Services to align the Wisconsin biomedical research ecosystem with the needs of the Wisconsin spinal cord injury community, specifically the WI Spinal Cord Injury Research Grants and Symposia Bill (2024 AB19/SB27) and the program in the governor's budget

Welcome to the Wisconsin Association of Campground Owners (WACO)—the trusted voice and resource for private campground owners across the Badger State.

Founded to support, promote, and unite private campground businesses, WACO represents a vibrant community of dedicated campground owners passionate about providing unforgettable outdoor experiences for campers of all ages.

As an association, we work to strengthen the camping industry in Wisconsin by:
 Advocating for the interests of private campground owners at the state and local levels
 Promoting Wisconsin as a premier camping destination through marketing and outreach
 Providing educational resources, networking opportunities, and best practices to help members grow and thrive
 Supporting sustainable and responsible outdoor recreation throughout our beautiful state
 Whether you operate a cozy lakeside retreat or a full-service family resort, the Wisconsin Association of Campground Owners supports your journey as a business owner and steward of Wisconsin's natural beauty. Together, we're building the future of camping in Wisconsin—one site, one campfire, and one memory at a time.

Advocating for the interests of private campground owners at the state and local levels, specifically but not limited to those that impact campground code, zoning ordinances, and business matters that impact revenue for our owners.

WAFCC represents Wisconsin's free and charitable clinics. Free and Charitable Clinics are safety-net health care organizations that utilize a volunteer/staff model to provide a range of medical, dental, pharmacy, vision and/or behavioral health services to economically disadvantaged individuals. Such clinics are 501(c)(3) tax-exempt organizations, or operate as a program component or affiliate of a 501(c)(3) organization. Entities that otherwise meet the above definition, but charge a nominal/sliding fee to patients, may still be considered Free or Charitable Clinics provided essential services are delivered regardless of the patient's ability to pay. Free or charitable clinics restrict eligibility for their services to individuals who are uninsured, underinsured and/or have limited or no access to primary, specialty or prescription health care.

Volunteer Health Care Provider (VHCP) legislation, Insurance/Medicaid reimbursement and coverage, Pharmacy/Dispensary laws & rules; Public health policies, Mental/Behavioral health policies, Dental health policies, Primary care policies, Insurance policies, policies that will impact the uninsured, policies that will impact free and charitable clinics, policies that will impact free and charitable clinic patients, Fundraising policies, Tax policies that will impact charitable giving or clinics.

CRNA's are advanced-practice nurses certified to administer anesthesia.

CRNA's are advanced-practice nurses certified to administer anesthesia in settings ranging from medical offices to hospital surgical units. In Wisconsin we also have authority to independently prescribe medication used within the scope of our practice. We believe the practice of anesthesia is a recognized specialty within both the nursing and medical professions. As a group we are interested in maintaining this setting by Wisconsin rules and regulations in health and health financing, along with insurance and tort reform.

Wisconsin Association of School Nurseswww.wischoolnurses.org

Nurses working in school settings throughout the state.

WASN promotes the profession of school nursing in Wisconsin. Consistent with this goal, we advocate for the health of students in the school setting so that students are ready to learn and succeed. We also help to make sure other school employees and families are healthy. School nursing is an essential part of the state's public health infrastructure. Some of our advocacy relates to regulatory matters.

Wisconsin Creditor's Rights Association

The Wisconsin Creditors' Rights Association (WCRA) is a non-profit corporation whose membership is open to any individual or entity that employs a Wisconsin attorney primarily engaged in the practice of representing creditors. To be eligible for membership, a proposed member must not represent consumers in claims against credit grantors or other related entities.

The WCRA's primary purposes is to help create and maintain a fair legislative climate to protect the rights of creditors and attorneys representing creditors. In order for the free market system to flourish, creditors must be able to loan money to consumers with the expectation that there is a mechanism to ensure that the money be repaid. If it is not re-paid, those creditors must have access to a fair collection process both outside and within the state court system. The WCRA is committed to maintaining that ability not only for the creditors its members represent, but for all creditors in the state of Wisconsin.

Wisconsin doulas Association, INC

www.widoulas.org

Financial support for the organization is primarily derived from membership dues, donations, and partnerships with organizations that share a common interest in maternal health, birth advocacy, and holistic care.

The Wisconsin Doula Association (WDA) focuses its lobbying efforts on several key policy areas that directly impact the doula profession and the families served. These include:

Reimbursement for Doula Services: WDA advocates for policies that expand insurance coverage for doula services, ensuring that families have access to affordable support during pregnancy, childbirth, and the postpartum period. This includes pushing for Medicaid and private insurance reimbursement for doula services to increase access for underserved populations.

Regulation and Certification Standards: The WDA works to ensure that doula certification and training standards are maintained and recognized across the state. This includes supporting legislation that recognizes doulas as qualified professionals within the healthcare system and ensures that doulas are held to high standards of practice.

Maternal Health Equity: WDA lobbies for policies that improve maternal health outcomes for all families, with a specific focus on addressing disparities in care, particularly for communities of color and underserved populations. This includes advocating for increased access to doula services as part of a broader effort to reduce maternal morbidity and mortality rates.

Scope of Practice: WDA works to protect and define the scope of practice for doulas in Wisconsin, ensuring that the role of doulas is clearly delineated and recognized as complementary to other healthcare providers without encroaching on medical or midwifery practices.

Access to Training and Professional Development: The association advocates for funding and support for doula training programs, particularly in rural or underserved areas. This includes seeking funding for scholarships, grants, and other resources to expand access to doula education and help diversify the workforce.

Family Leave Policies: WDA supports policies that provide paid family leave for all parents, recognizing the importance of time to bond with a newborn and the role doulas play in supporting families during this critical time.

Protect Independent Contractors' Status:

Recognize and safeguard the independent contractor status of doulas, which is essential due to the flexible and individualized nature of their work.
Ensure that policies support the autonomy and entrepreneurial spirit of doulas, allowing them to operate with the necessary flexibility while maintaining accountability and high-quality service standards.

Wisconsin Housing Alliance

Wisconsin Restaurant Association (WRA) is a not-for-profit trade association dedicated to the success of the restaurant and hospitality industry.

The WRA provides representation for the hospitality industry to create a favorable political and regulatory environment at all levels of government. The WRA represents over 7,000 locations. WRA members include all types of restaurants, from seasonal drive-ins, supper clubs, bars, diners and locally owned franchisees to corporate dining and hotels/resorts. Over 70 percent of WRA members are independent restaurants with alcohol licenses.

The Wisconsin Restaurant Association will work to insure that no new taxes on small businesses are created and maintain equal property tax relief for businesses. WRA will work to maintain the September 1 school start law and an increase in the state budget for tourism promotion. WRA is keenly interested in all alcohol laws and their impact on the ever changing restaurant industry. WRA will work to limit new mandates on employers in the area of employee benefits such as health insurance, and finding a viable solution for more small businesses to offer affordable employee benefits to their employees. WRA is interested in workplace issues such as minimum wage, workers' compensation, unemployment compensation, and teen labor laws. WRA will work to protect the integrity of the restaurant industry by working for necessary and equitable regulations associated with food safety, workforce/labor, alcohol and energy access.

Wisconsin Trust Account Foundation, Inc.

wistaf.org

WisTAF partners with and receives support from members of Wisconsin's legal profession and banking industry, via the Interest on Lawyers Trust Accounts (IOLTA) program and Public Interest Legal Services Fund (PILSF). WisTAF makes grants to nonprofit law firms and, on occasion, other social service agencies whose missions include increasing access to the civil justice system for low income Wisconsinites. WisTAF is governed by a 15-member board of directors appointed by the Chief Justice of the Wisconsin Supreme Court and/or State Bar of Wisconsin president (3 judges, 9 lawyers, 3 nonlawyers). (WisTAF also receives and administers public funding to support its mission.)

We anticipate educating policymakers on the need for civil legal aid in Wisconsin and requesting appropriate State investment in such services via the biennial budget process.
